Ms. Linda Paquette

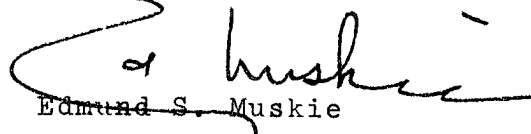

Dear Linda:

This letter is to certify that I am appointing you my representative from the Fortieth Congressional District.

As a District Representative, you will serve as a member of my Statewide Organizing Committee. I have asked Paul Ziffren to serve as Chairman of the committee, and he will notify you of the time and place of committee meetings. Naturally, it is most important to me, both as a candidate for President and an ardent supporter of party reform, that the new procedures for selecting my delegates work successfully and well.

I want you to know how grateful I am for your cooperation and support.

Very truly yours,

Edmund S. Muskie

Dear Linda,

I am pleased to welcome you as a member of our delegation in California. It is important to me and nationally significant that our California delegation is genuinely representative of all the people of California.

We are fortunate to have the leadership of Senator John Tunney, who I am asking to be chairman of the delegation, Paul Ziffren who is chairman of the California campaign, and Joseph Freitas my California Campaign Manager. I hope you will be working closely with them in the coming days for our victory in California on June 6.

Please accept my congratulations and my sincere thanks for your participation in our efforts. I am looking forward to working with you and seeing you in Miami this July.

Very truly yours,

Dear Linda:

At no other time in my life have I been so keenly aware of a debt to others for their steadfast support and sensible advice. I am grateful for the help you have given me during the months of my primary campaign. I am hopeful that you will continue to help in the weeks before the Democratic Convention.

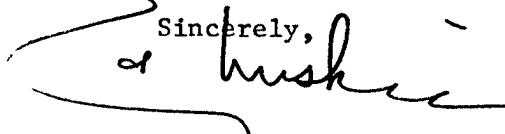

It is impossible to predict with confidence the course of events from now until then. There may be any number of surprises in the remaining primaries or at Miami Beach.

While I will not compete in these primaries, I am committed to an active campaign to win the nomination. I seek your continued support now because I know you continue to share my goals for 1972: an end to the war in Vietnam; an anti-inflation policy which controls prices as well as wages, and produces jobs instead of unemployment; a more equitable distribution of the burdens and benefits of our society; an open government which confides in our people, responds to their needs and opinions, and which is free from the corrupting influence of special interests.

To achieve these goals requires the defeat of Richard Nixon. And because our campaign offers the best chance for Democratic victory in the Fall, I will continue to seek the nomination of the Democratic Convention in July. That is what I am fighting for -- and that is why I ask you to stand with me now as you have in the past.

I wish I could find words adequate to thank you for what you have already done. I will never forget your contribution to our common effort. I will do everything I can to carry that effort through to success.

Sincerely,
